SUMMARY

Enthusiastic and proactive developer with hands-on experience in Java, SQL database management, HTML, CSS, and Bootstrap. Passionate about leveraging technology to solve real-world problems, I am committed to continuous learning and delivering high-quality solutions through skill enhancement and innovation.

EXPERIENCE

Team Voult Technologies, Pune, Maharashtra:Full Stack Developer (Jan 2023- Present)

- Collaborated with cross-functional teams, including designers, product managers, and backend developers, to deliver seamless user experiences.
- Improved technical expertise in building reusable components and optimizing state management in web applications.
- Designed and developed responsive and interactive user interfaces, ensuring seamless experiences across devices.
- Integrated animations and transitions using CSS and JavaScript to enhance interactivity and engagement
- Utilized browser developer tools for debugging, performance profiling, and optimizing UI components.techa

Team Voult Technologies, Pune, Maharashtra: Software Engineer (Intern Oct 2022 - Jan 2023)

- Developed a fully functional calculator web application with a seamless user-friendly design.
- Created an impactful tribute page using innovative web design techniques.
- Ensured responsive design principles were integrated across all projects for multi-device compatibility.
- Utilized browser developer tools for debugging, performance profiling, and UI optimization.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, SQL, React.Js
- **Technologies/Frameworks:** HTML5, CSS3, Bootstrap, Tailwind CSS
- **Developer Tools:** Git and GitHub, VS Code, Visual Studio, Canva
- **Database Platforms:** MySQL

PROJECTS

Grampanchayat Management System

Objective: Simplifying communication between the Grampanchayat and the villagers, enhancing transparency and accessibility..

- Developed a responsive and user-friendly website for a Grampanchayat to streamline village governance. The platform includes features such as announcements, service management, contact forms, and member details.
- **Features:**
    - Home page showcasing announcements, events, and services.
    - Dedicated pages for services like certificate issuance and complaint registration.
    - Contact form for inquiries and feedback.

Personal-portfolio

Objective: Professional representation of skills, projects, and achievements.

- Developed a personal portfolio website using HTML, CSS, and Bootstrap; optimized for all devices with Bootstrap's grid system, resulting in increase in new visitor engagement and faster load times.
- Managed version control via Git and deployed the site on GitHub Pages for public access; incorporated advanced interactive elements, significantly improving user interaction and accessibility.

Real Estate Website for Buying, Selling, and Renting Properties

Objective: Enhancing the property discovery process, increasing user engagement and providing an efficient platform for property transactions.

- Developed a dynamic and user-friendly website for a real estate platform that connects buyers, sellers, and renters of apartments, houses, and villas. The project focuses on simplifying property searches and providing a seamless experience for users.

- **Features:**
  - o **Comprehensive Listings & Search:** Detailed property information with images, pricing, location, and advanced filters for seamless discovery.
  - o **Seamless Transactions & User Management:** Dedicated workflows for buying, selling, and renting, with user accounts to manage listings, favorites, and inquiries.
  - o **Enhanced Connectivity & Accessibility:** Direct communication between owners and buyers/renters, with a fully responsive design for all devices.

E-commerce Website for Cosmetics and Skincare Products

Objective: Creating a platform to enhance user convenience and increase sales through an engaging and accessible online shopping experience.

- Designed and developed an e-commerce website for shopping a wide range of cosmetics, skincare products, shampoos, and conditioners. The platform provides a seamless shopping experience with advanced product filtering and secure checkout options.
- **Features:**
  - o **Comprehensive Product Catalog & Search:** High-quality product listings with detailed descriptions, pricing, and advanced filters for seamless discovery.
  - o **Seamless Shopping & User Management:** User accounts for order tracking, wishlist management, a dynamic cart with real-time updates, and a secure checkout process.
  - o **Optimized Accessibility & Promotions:** Fully responsive design for all devices, featuring targeted discounts and promotional banners to enhance user engagement.

CERTIFICATION

Java Full-Stack Development | Vibrant Minds Technology

- Completed Java full stack development certification by demonstrating proficiency in data structures, algorithms, and improving coding efficiency by 40% through continuous practice and refinement.
- Technical Stack Learned: Java, JDBC Api, Hibernate, Spring, Spring Boot, HTML, CSS, JavaScript, MySQL

ACADEMIC QUALIFICATION

•	**MIT College of Engineering, Kothrud, Pune**	-	Bachelor of Engineering – Mechanical Engineering
•	**Rajarshi Shahu Mahavidyalaya, Latur**	-	Higher Secondary Certificate – Science
•	**Shri Keshavraj Vidyalaya, Latur**	-	Secondary School Certificate

EXTRA-CURRICULAR AND ACHIEVEMENTS

- Acquired 2nd Position (Silver) in TUG-OF-WAR National Level Championship (2012) and participated in the State TUG-OF-WAR Championship three times.
- Served as Event Head for Kabaddi Events at SUMMIT-16 and SUMMIT-17.
